

Love Lavender Festival

2014

Sponsor Packet

Welcome to the 2014 Lavender Festival in Johnson City, TN. This year we will hold the festival on June 14 at our farm. As a sponsor, you will have the special opportunity to showcase your product or talent and also to learn about the exciting possibilities of lavender!

A Note to our Sponsors A Unique Opportunity

A Lavender Manor, LLC is a locally owned and operated family business. We grow lavender on a pre-civil war farm. We use our lavender to make some of the products for our store in Jonesborough, Scott County Lavender.

This year we are holding the forth annual Love Lavender festival. It will be the second year to hold it at the farm. The purpose of the festival is to teach the public about the amazing lavender plant, promote Tennessee's Agri-tourism, and promote local businesses.

We want to know how you would like to be involved with the Love Lavender Festival this year. Please take a moment to fill out

the form below. We welcome all kinds of sponsors for our festival; whether you would like to use your talents to teach others, donate items, or funds. We will have a poster displayed prominently at the festival thanking all involved as we appreciate all donations of time, talents, or materials.

We look forward to your response and thank you for your time.
